US Speedo's Custom Gauge Face Kits are guaranteed for the life of the vehicle! All US Speedo repairs come with a full one year warranty on not only the parts, but also the labor! In most cases after we do your repair/rebuild, you will never have another problem, and most likely the repair will outlast the vehicle.

Dealership repairs are more costly

Dealers rarely take the time to diagnose problems. Instead of diagnosing and repairing your cluster, a dealer repair generally includes the purchase and programming of an entirely new instrument cluster, which can cost \$500 or more. US Speedo will diagnose and repair your original instrument cluster, saving you hundreds of dollars! Don't suffer from faulty gauges or wait until you get a costly speeding ticket. Let our experienced technicians help you with your speedometer repair today!
